If we wait until Dennis signs on Monday, NOAA won't receive until Tues (hopefully) so we may just squeak by getting it published on Fri next week but may not be until early the following week.

Jayne and I were also just discussing this possibility. This is an EPA management call, but at this point, I don't see much of a down side to waiting until Monday for Dennis to re-sign it.

So still no FRN and it looks like Dennis is out today to resign. Another possibility would be for just NOAA to sign. Would EPA be ok with that? Then we'd be able to get to FR on Monday and if they agree to expedite request, could have it published on Wed. or Thurs.

Let me know and I can update the signature block if EPA is ok with not signing.

All--

It's going on 3 days and I still have not received the signed FRN from EPA. Wondering if we need to have Dennis re-sign and send by FedEx or UPS overnight (those companies deliver directly to my cube (#10540)). I will continue to keep my eyes out today.

The letter and the FRN (3 originals) are signed. Bella Patheal-Centenera, our admin, is making pdfs and will put in overnight UPS to Allison at the address you gave me.

Dennis will review the Decision Document over lunch and I will get to Allison any remaining comments by end of today.

We're on our way...!
